Registration

WELLCOME BACK!! It is that time of year again. **REGISTRATION** *Registration means the end of a fun filled summer and the beginning of 300 days (give or take for the holidays) of painless effort and socializing with friends until we find ourselves in the same boat next year. The assignments, quizzes, exams, and finals are on the rampage. Remember life will get better, so we all must live, and deal with the work and tests we are given, and keep in mind that it is only a few short months until the summer vacation!*

Welcome

Welcome Week is the first chance the grade 10's have to strut their stuff in Students' Union's welcome activities. They must prove their worth as a student at Page, and I am happy to say you all passed. The Welcome activities this year were the unforgettably messy Pudding Feed, not to mention the "Pop my Balloon" contest. We couldn't forget the first Bar-B-Q, welcoming all the grade tens. Welcome Week was a huge success and a thanks goes out to all the outgoing, spirited students who participated. Your youthful enthusiasm was contagious.

Remembering . . . . .

"We will now observe a minute of silence". The quite hush of voices lull and the students' of J. Percy Page remember. Page has put on one of its best Remembrance Day ceremonies. Beginning with a few words from a member of the cadets and ending in "God Save the Queen". The dance students put on a display of memorable movements combined with the poetry of the English 20AC students. The band performed and the choir sang. The wreaths of Cascade, Sunwapta and Wapiti were laid down in the memory of all the soldiers who gave their lives in the pursuit of peace.

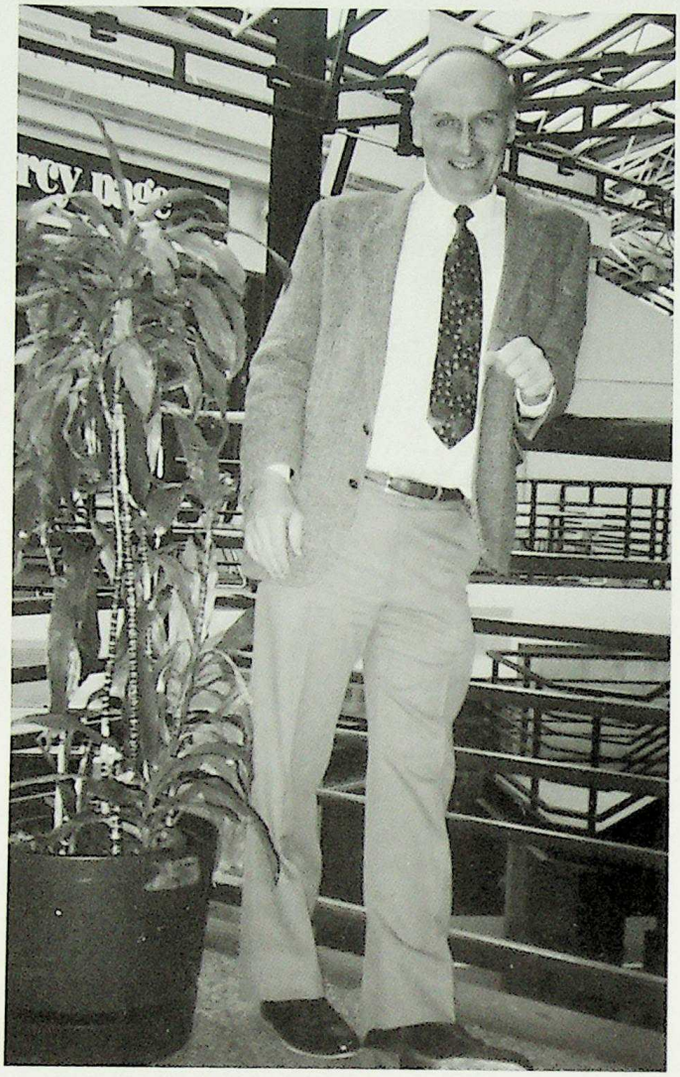
Mr. Probert's Message



Living is not the goals we set, nor the failures we experience, nor the medals we win, but the journey of constructive learning we experience as we set about our daily challenges. By making commitments and accepting challenges we shoulder the responsibility that guarantees its twin sister of freedom. It is this freedom that gives all of us some measure of success and happiness throughout our journey in life.

In the words of Bessie Anderson Stanley:

"To laugh often and much; to win the respect of intelligent people and the affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty; to find the best in others; to leave the world a little better place than we found it, whether by a healthy child, a garden patch or a redeemed social condition; to know even one life breathed easier because you lived. This is to have "Never Said Goodbye."

Mrs. Mather's Message

For all the changes that occur during a person's life, there are few days that mark a clear transition from one stage to another. High-school graduation is one such occasion.

Up until now, most of the decisions in your lives have been made by others -- parents, teachers, community leaders . . . . While you are in high school and when you graduate, you're taking steps into the broader world. A step that brings with it a new freedom -- and a new responsibility. What you choose to do with your new freedom is yours to decide.

As our school slogan says, "You make the difference." That has certainly been true over the past three years; J. Percy Page school has benefited by your presence, but this slogan becomes even more relevant as you move into the next phase of your life.

University? Traveling? Family? A career? You must decide which to pursue, and when. Through the dedication you demonstrate towards your choice, you WILL make a difference in the outcome.

There is potential to make a more substantial difference -- one that affects not only your life, but the lives of others within your community, your country, your world. There is probably a greater need for a commitment to what we value in every walk of life in Canada and elsewhere than at any point in history. Distorted values have worked against human rights and equality across our world. Government cannot solve the problems; each one of us must make a personal commitment and value the empathy, integrity, kindness and responsibility we need to make a difference in our world.

Who knows what today's graduands will achieve? At one time most of our country's leaders were students like you -- on the threshold of a new life. They, too, dreamed of making a difference.

My best wishes go with you as you take each step. It's your life. Your life to shape and live as you choose -- make a difference!

Dance

What? You still didn't know J. Percy Page had it's own dance program - for credits?! As a matter of fact, congratulations go to Kristina Baker and Amy McMurray who are Page's first Dance 35 graduates. Performances: Rememberance Day, Dinner Theatre "Come Fly With Me", "Cats" at Open House '97.

Students have studied many movement forms, dance styles and techniques, choreography and design!

Watch for more from this evolving ensemble . . .

Drama

The 1996-97 season "took off" with "Come Fly With Me" Dinner Theatre which sold out all four performances. Airports and Airplanes were the theme and once again, Mrs. Menzak and her foods classes provided the "better-than airline" food. In December the Page Players assisted with the Stuart Olsen Christmas party and auditioned for April's ENCORE One-Act Festival (directed by Drama 30 students). Two of these plays will be chosen to represent Page at the Edmonton High School One-Act Festival. Let's hope we break-a-leg! The Performing Arts program continues to thrive at Page thanks to all the dedicated drama, performing arts and drama students. Bravo!

Music

The Music Department kept a busy schedule throughout the 1996-97 school year. In October, Page musicians participated in the National Canadian Student Leadership Conference. In November, Remembrance Day Day ceremonies were enriched by choral and instrumental music. Also in November, Concert Band students attended a three-day retreat at Camp He Ho Ha. In December, a Winter Concert was presented by vocal and instrumental groups, and the Concert Band visited Kate Chegwin and Ellerslie schools.

In February, a joint concert involved bands from Ellerslie, Edith Rogers, Dan Knott, and J. Percy Page, culminating in a massed band piece performed by over 200 musicians. In March, choral, band, and orchestra students participated in Edmonton Public Schools Night of Music and Page's Choirs and Concert Band performed at ChoralFest North and the Northern Alberta Concert Band Festival. In addition, many musicians were involved in the presentation for Open House. In April, 40 concert Band members travelled to Abbotsford, BC to play in the Abbotsford International Music Festival. May was another busy month, with a joint Spring Concert with the St. Albert Community Band, participation in the Alberta Band Association's Festival of Bands in Red Deer, and a variety of music for Graduation Commencement. In June, our Dixieland Band played for Awards Night and all of Page's performing groups - Concert Choir, The Big Little Band, Dixieland Band, Jazz Choir, and Concert Band - enjoyed a highly entertaining afternoon at the Music Awards Concert and Strawberry Tea. Strawberry shortcake and beverages were supplied by the Page Cheerleaders and appreciated by all.

An eventful year for all of Page's musicians!!

Clubs

S.A.D.D. (Students Against Drinking & Driving) had a very successful first year. A few members attended the provincial conference held here in Edmonton in October, as well as the Canada-Wide Conference in Kamloops in March. A very successful Brown Bag Campaign took place throughout the year as well as White Out Day (Safe Grad Day) in April. Both of these events were. At the end of the year S.A.D.D. distributed quarter cards to each table at the Class of '97 Graduation Banquet. The results of all these events made the first year of the S.A.D.D. Chapter at J. Percy Page one of great pride.

Adventure Club

A sixth group of Page students took their "First Jump" skydiving course at the Edmonton SkyDive Center in Westlock on Sunday, June 1, 1977. After their course, and full day of waiting for the clouds to dissipate and the winds to die down, conditions were perfect at about 5:00 p.m. The final jump in this group marked the 62nd time a Page staff member or student has jumped at Westlock with the Adventure Club. Eric is also the third Page student from his family to make the jump.

ADVENTURE CLUB skydivers, standing from left to right, are Chris Gagnon, Eric Tungland, Bruce Erickson, Brent Palaschuk, Chris Emmett, and Phillipe Filiatreault -- congrats to Phillipe for completing his second jump. Sittin, from left to right, are Seema Palack, Barbara Tolevski, Karen Thind, Susan Gill, and Nav Palack. (below right)

Barbara Tolevski, Susan Gill, and Karen Thind suited up and ready to go, just prior to the "big jump." (middle left)

The Alberta countryside looks beautiful from 3500 feet, especially after you realize that your canopy has opened properly! (upper right)

The ADVENTURE CLUB went on its first-ever camping trip during the weekend of June 14-15. Camping out in the Wapiapi Creek area just west of Nordegg, the group hiked about 1.5 hours and then climbed 2200 feet to the mouth of Wapiapi Cave.

Half way up the mountain, German exchange student Moritz Boderke pauses to admire the scenery. In the background is Wapiapi Creek. (middle right)

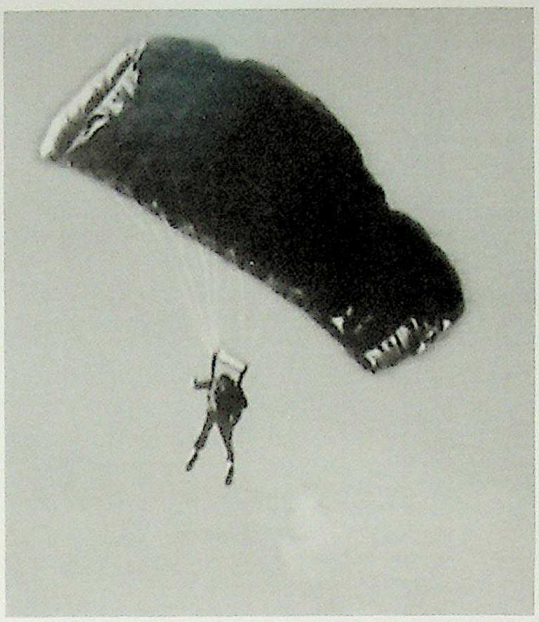
(Missing -- taking picture: Mr. Balbar. Joshua and Taylor were first up the mountain. The entrance to the cave is a 45°, 100-foot drop, which opens into a series of interconnected tunnels, caverns and wormholes. (below left)

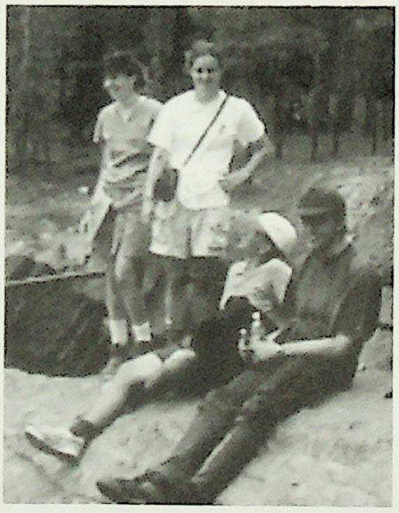
On Saturday evening the group packed up and moved to the Cavalcade campsite in the Kootney Plains wilderness area. Sunday involved a morning of rock climbing on the bluffs adjacent to the campsite, followed by two-hour hike to Siffleur Falls.

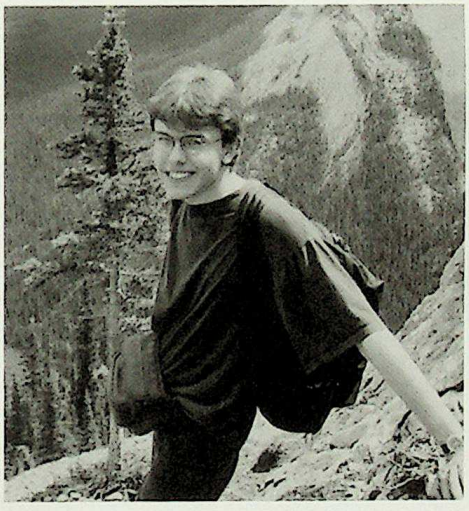
Shown rock climbing in Carla Mellott. (below middle)

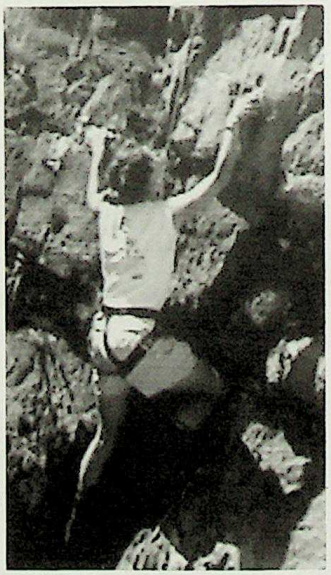
Pausing to rest at Siffleur Falls are Agnes, Carla, Mr. Watson, and Moritz. (middle)

Constable Zimmerman also arranged three other events for the ADVENTURE CLUB, including two snowboarding trips to Snow Valley, and an afternoon Discover SCUBA course put on by Ocean Sports at the Millwoods Recreation Centre. Over 65 students participated in these activities. Unfortunately, our pictures of the events were misplaced!

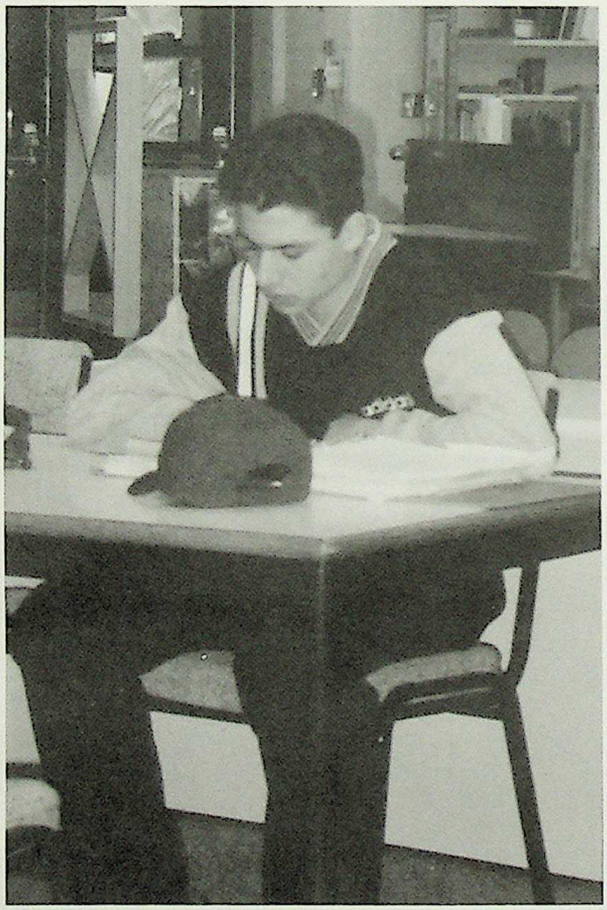








English



THE ENGLISH DEPARTMENT . . . MAKES A DIFFERENCE!!!!
"tomorrow and tomorrow and tomorrow creeps in this petty pace from day to day"

Another successful year over and again we look to our tomorrows just like Shakespear's Macbeth did! The 1996-1997 school year has been a very rewarding one at J. Percy Page. We began the year on high note very encouraged by our successful results from June of 1996. Planning to build on these successes were an eager and committed staff just waiting to assign and mark all those essays!!

V. Arnold	*C. Kemp*
M. Butlin	*F. Ratner*
C. French	*M. Rudolph*
S. Holder	*B. Sparrow*
F. Iftody	*G. Townsend*

The year saw the continued development of special programs for our students: our Work Study program in Grade Ten, and our Academic Challenge program with four classes at three grade levels. Our sixth group of Academic Challenge 30 students faced the highly regarded Advanced Placement Examination in English Literature and Composition - these students are to be commended for a commitment to an exciting and demanding program of studies.

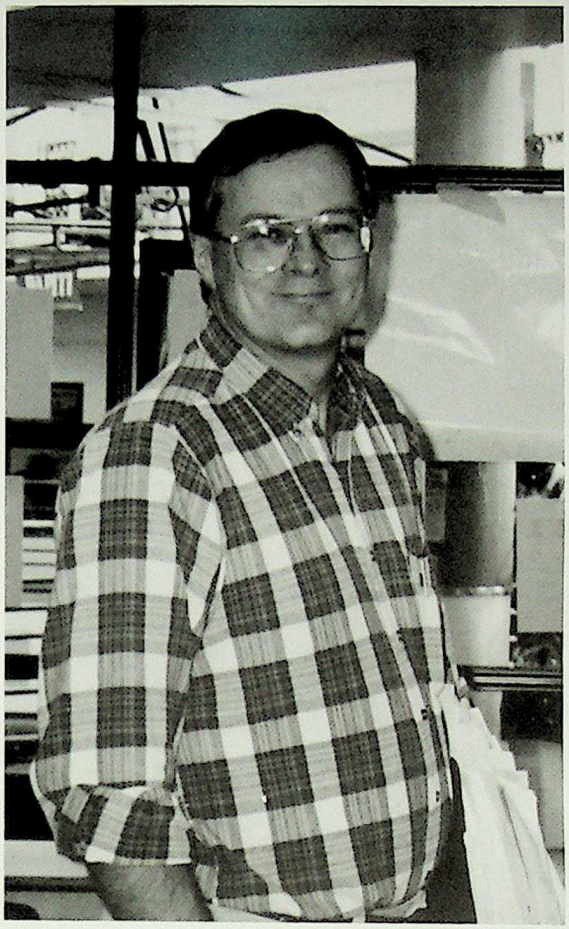
Enrichment continued to be encouraged in all our English classes, and many of our students took advantage of opportunities to attend a variety of special productions and to listen to guest speakers who shared their ideas on topics such as creative writing and mythology.

Throughout the year, the English Department has welcomed input into our various endeavors from the students, parents, and community. The support received from all people concerned with our English programs has been very gratifying and has allowed us to continue to build upon our successes.

To our graduating students, thank you for being a part of our success!! May the thoughts of others in the literature that you have read in our classes and the ideas that you have explored so well in all those essays be a part of your eyes for tomorrow!

Social Studies

Rick Long: Social Studies Department Head



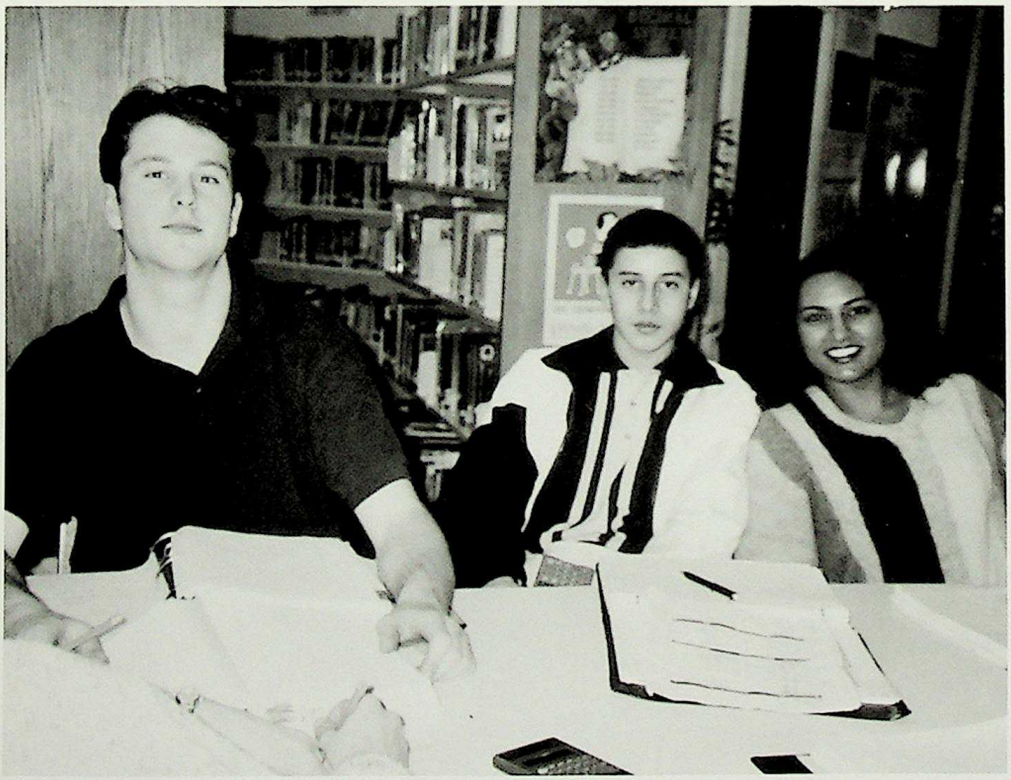
The staff of the Social Studies Department would like to celebrate the successes of the students of J. Percy Page, especially the graduating students, and wish them the best in the future. We have many good memories of the year.

Students were offered much in addition to the prescribed curriculum of the courses. Through the year, many speakers were invited to speak to students on social, political, and economic issues. Several elected politicians visited the school to speak to students. A very successful provincial election forum was held at the school in the spring. Some students studying multiculturalism visited several local religious institutions of different faiths. Outstanding Social Studies students were selected to attend forums and seminars focussed on the work of the provincial government and on the United Nations. These students were sponsored by the school and various community organizations including the Alberta Teachers' Association.

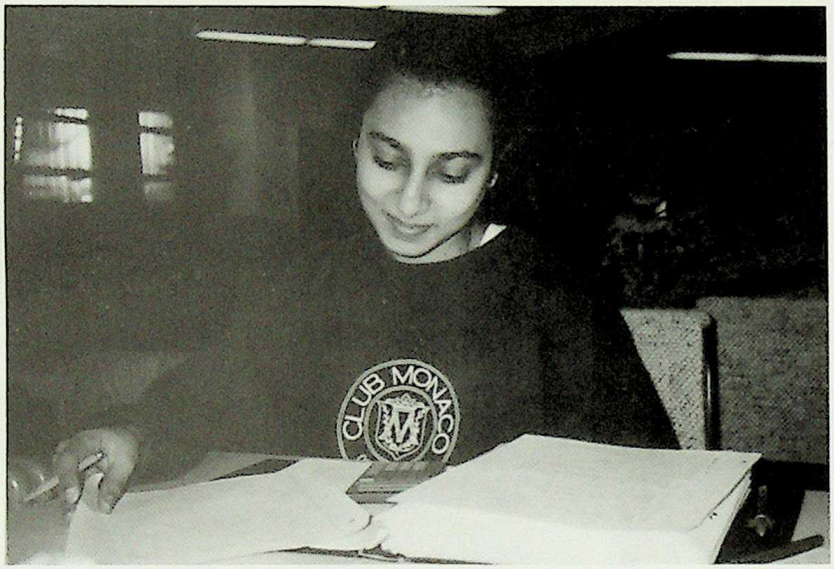
We hope that you, the students, have been challenged and stimulated in your classes. Many of you have certainly challenged and stimulated us!

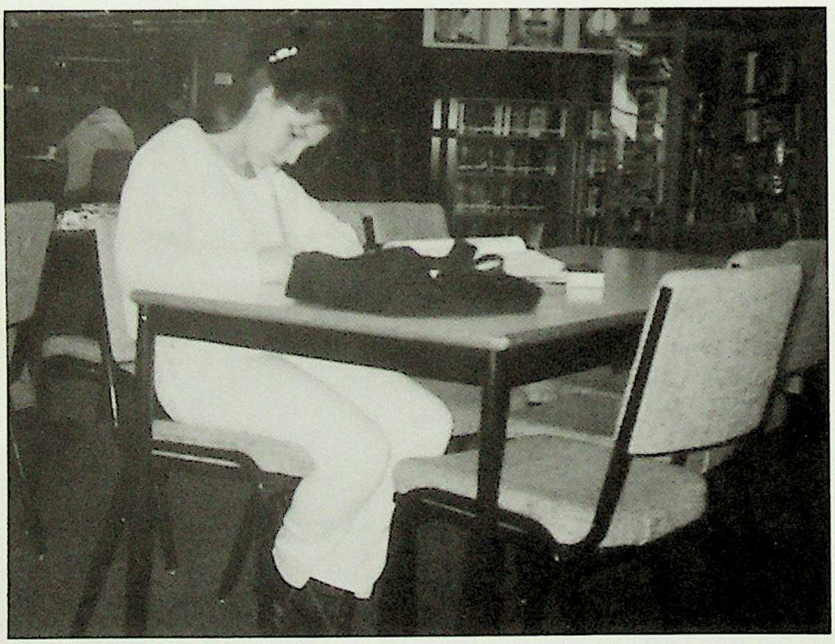
Remember the Page students and staff who did outstanding work in contributing to the Thirty Hour famine fundraiser, the Lance Relland fund, Christmas charities, and other charitable fundraising events. They raised a substantial sum of money for relief of world hunger and other meaningful causes. Their concern and citizenship reflect well on themselves, the school, their teachers, and their parents.

The Social Studies teachers at Page hope you will maintain a life-long interest in politics and political issues. We have watched students grow through the years, both physically and mentally. We wish graduating students the best of luck in their futures. We will remember you with pride and hope you will return to visit and tell us of your successes. We look forward to seeing the returning students in September. Have a good summer!



Mathematics





This year the math department experienced some changes in personnel. Mr. Heilman moved to McNally and Ms. Skrypnek made her way to Harry Ainlay. (This was like moving home, since both of them had taught at those schools previously) Ms. Ouellette and Ms. Marika arrived at J Percy Page to take their place.

The teachers in the math Department:

Mrs. Kalmacoff
Ms. Marika
Ms. Ouellette
Mr. Pysyk
Mr. Skitch
Mr. Takahashi

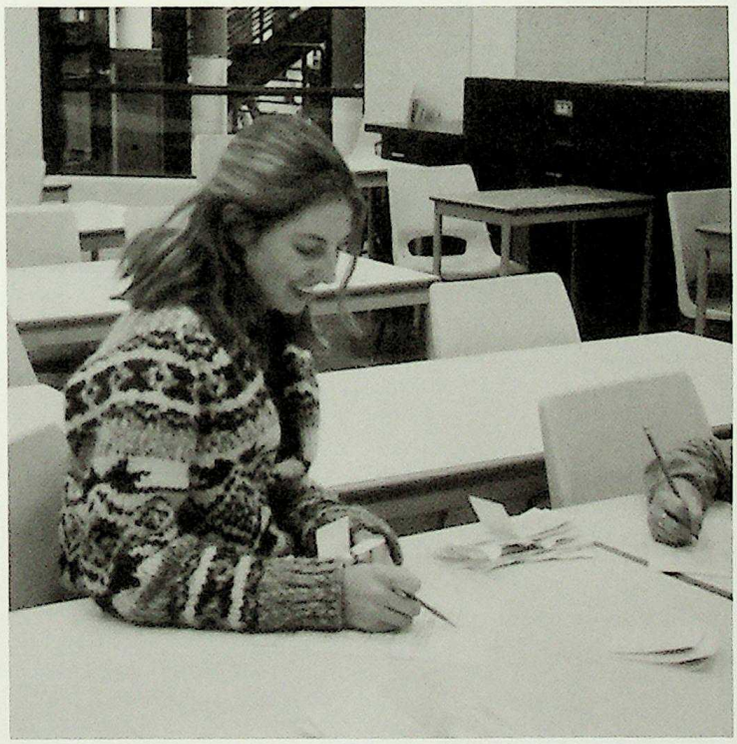
The department was fortunate to have teachers who teach in other areas, also teach one or two math classes. They were:

Mr. Bihun
Mr. Lerbekmo
Mr. Quershi
Ms. Shewchuk
Mr. Townsend

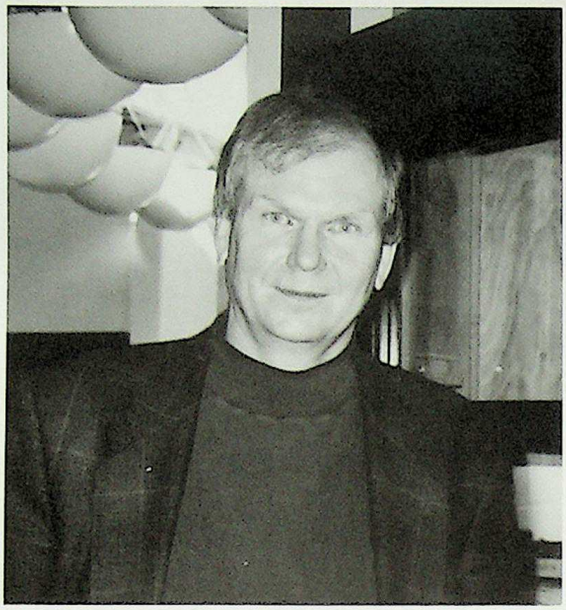
Unlike junior high where there are major curriculum changes this year, the only high school curriculum change occurred in Math 10 statistics. In two years, the new Western Canadian Common Mathematic Curriculum will be implemented in grade 10. The math department has started to prepare for this new adventure.

In the classroom students could be seen doing and learning math in various ways: cutting up play dough cones to discover conic sections, using rectangles and areas to represent algebraic expressions and operations, lying on the floor to learn about slopes, using string and tacks to construct ellipses, and on and on it happened.

Best of luck to all the graduants and we look forward to seeing the grade 10 and 11 students doing math next year.



Science

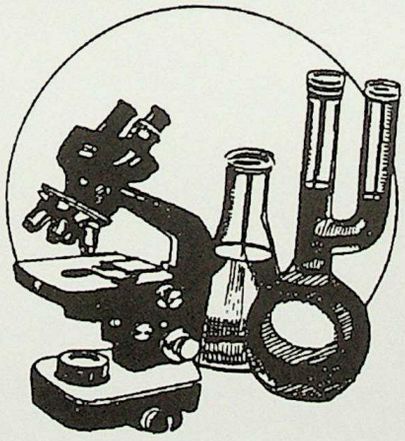


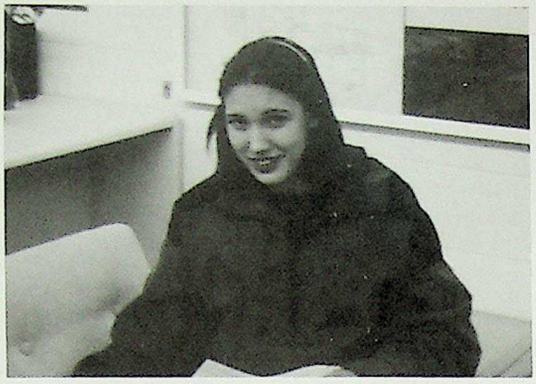
Buxton, Department Head

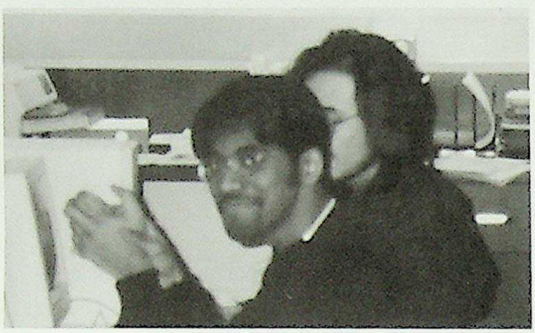
This was another year of significant change in the science Department. At the end of last year, Mr. Barnes and Mr. Loehde retired, and Mr. Degrande left to become assistant principal of Westmount Jr. High (Mr. Buxton's old school). Mrs. Andrews was off in semester 1, after having a baby girl last spring. In semester 2, she returned, but with a little less free time on her hands. Mr. Maradyn got married in semester 1, and there are rumours of a little Maradyn (scary thought?) next summer.

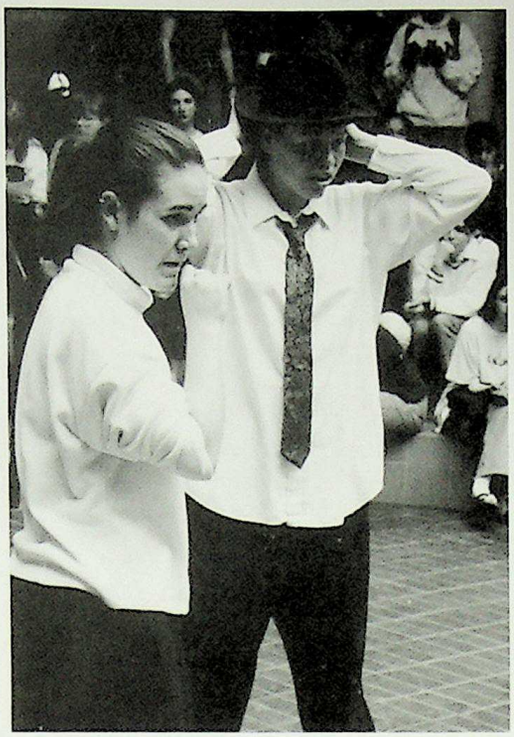
In the fall, we welcomed some new staff members. Mr. Neill came to teach physics and chemistry, and Ms. Benedik to teach general science and biology. (Trivia question: Who tought Ms. Benedik Biology 30?) Mr. Watson also joined us, to teach general science and physics, but then left us in semester 2. He has been seconded to work for ACCESS on new Science 10 videos, but plans to return to Page next fall (if we let him, after abandoning us this year). Mr. Qureshi was allowed to escape from the computer lab, and teach general science and biology. We're not yet certain where he is most dangerous, on the computer, or with lab equipment. In semester 2, Mrs. Gushnowski joined us to teach general science. With her addition, that meant that there were now 5 female staff to harass the long-suffering male teachers in the department.

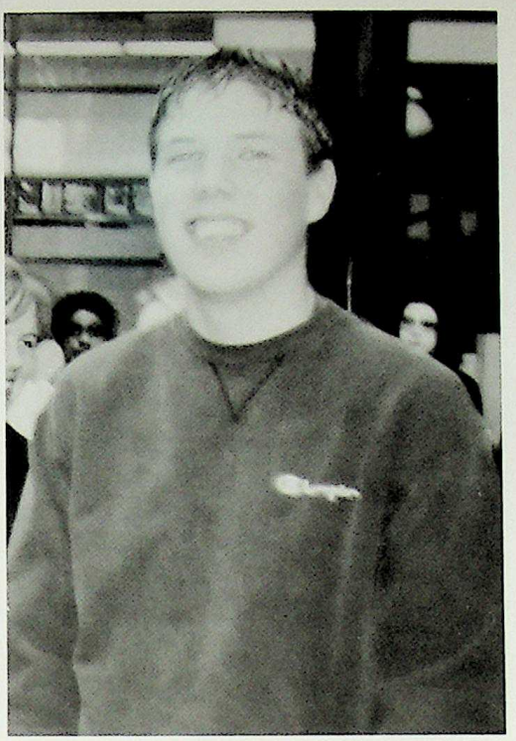
In spite of all the changes (or perhaps, in some cases, because of them) this was a good year for the department and, we hope, for our students. I hope that the year ended successfully for everyone and, on behalf of the department, wish all the grads every success in the future.

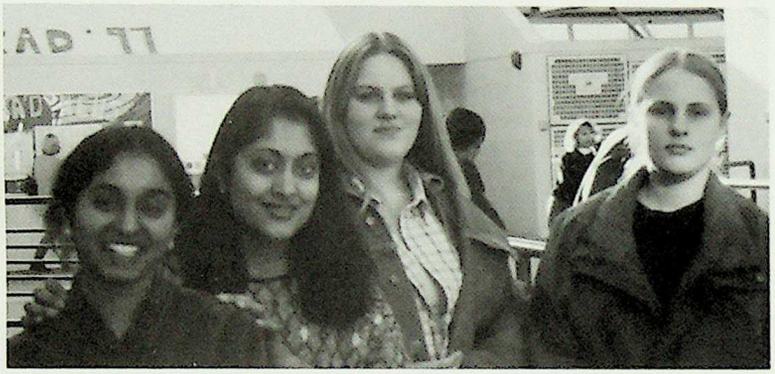




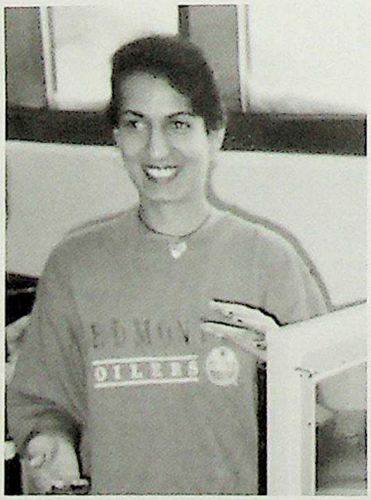


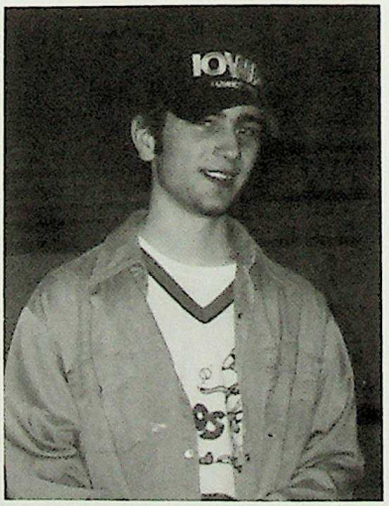


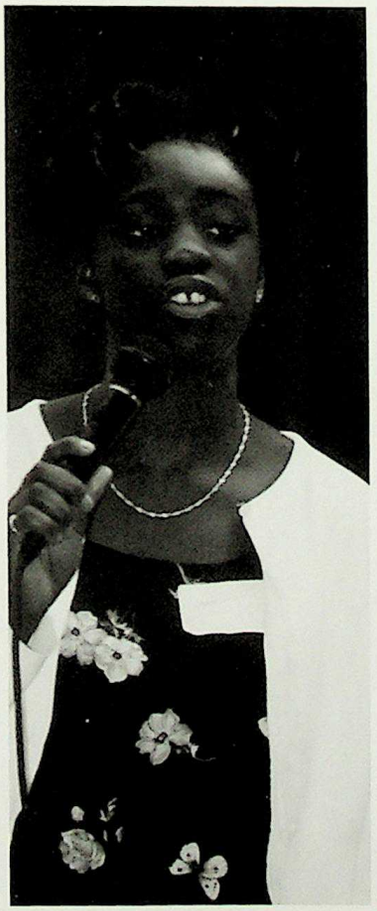




Cascade







Mrs. Kurney's Message

By the time your yearbook is published, the 1996-97 school year, and my first year as Cascade Housemaster will have come to a close. For all of us, it was year of learning and growing; challenges and rewards; and I feel privileged to have been a part of it. Together we worked towards your goals and aspirations, and together we obtained your best education possible. We are all unique individuals, the sum of our experiences. Each of us has fears and insecurities, as well as fundamental needs to be accepted and successful, whatever that may mean to each of us. On that note, I would like to share a poem found in St. Paul's church dated 1662 -- it is called Desiderata.

Desiderata

Go placidly amid the noise and haste, and remember what peace there may be in silence. As far as possible, without surrender, be on good terms with all persons. Speak your truth quietly and clearly and listen to others, even the dull and ignorant; they too have their story. Avoid loud and aggressive persons, they are vexations to the spirit. If you compare yourself with others, you may become vain and bitter; for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans. Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism. Be yourself. Especially do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment it is perennial as the grass. Take kindly the counsel of the years, gracefully surrendering the things of youth. Nuture strength of spirit to shield you in sudden misfortune. Do not distress yourself with imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline, be gentle with yourself. You are a child of the universe, not less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore be at peace with God, whatever you conceive him to be, and whatever your labours and aspirations, in the noisy confusion of life keep peace with your soul. With all its sham, drudgery, and broken dreams, it is still a beautiful world. Be careful. Strive to be happy.

Physical Education

J. Percy Page physical education staff would like to thank all of the phys ed students for an exciting and memorable year. The effort, attitude and participation you showed is to be commended.

The physical education 10's worked hard experiencing a variety of activities such as: rugby, racquetball, aquatics and social dance. The year was completed with a biking trip in Edmonton's beautiful river valley.

The physical education 20 students will remember camping in the rain, curling wipe-outs, non-contact (ha ha) hockey games, a gruelling triathalon and an introduction to cricket and lacrosse.

The physical education 30 students started 1996 repelling off cliffs, mountain biking, caving and going to bed early. Highlights of the year included; scuba diving, kayaking, riflery, archery, beach volleyball and golf. The leadership and community service provided by these students was outstanding.

The phys ed staff would like to wish all the graduating students and those who will not be taking physical education next year, all the best in their future. Set goals, believe in your dreams, stay fit and enjoy life to the fullest.

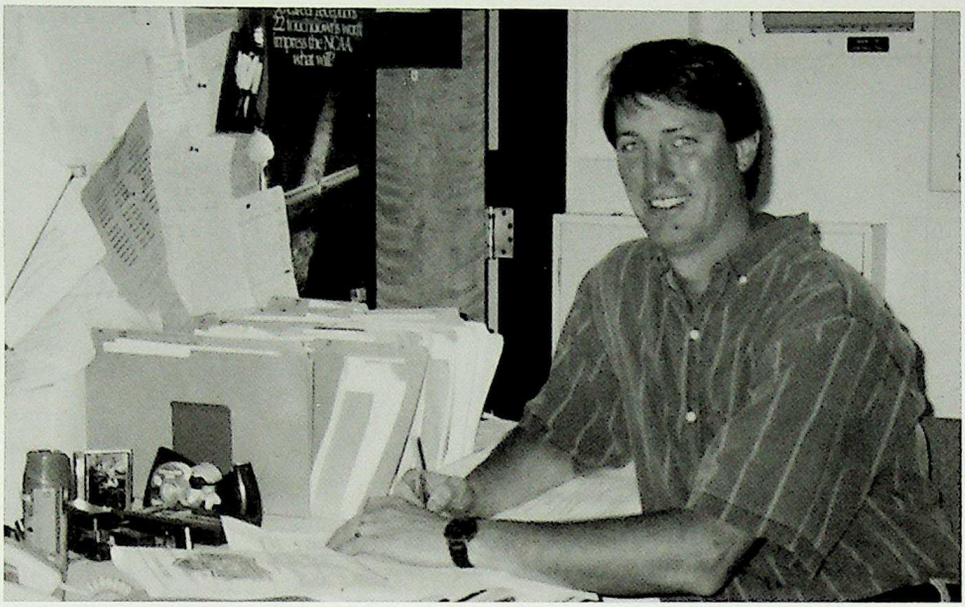
Athletics



Wow! What a successful year. The 1996-97 school year has been a rewarding one in the Athletics Department with many super high lights!

We began the year with the junior and senior girls volleyball teams capturing the silver medal at the City Premiere finals. The senior women followed this by winning the Team Sportsmanship award at the 4A Provincials in Red Deer.

B-B-B-Basketball season followed with similar success. The junior women had a great year finishing 2nd in the City Premiere finals. However, the talk of the town was our own Senior Men's Basketball team. How well would they do this year with all that talent? Well did they come through with tremendous results - 2nd in the City Championships and 2nd in the province, not to mention defeating the #1 and #2 ranked basketball teams in the province.

Continuing along those winning ways, the cheerleading squad won their 3rd consecutive City title in fine fashion. Adding the numerous tournament victories this year and their exciting trip to California. The squad finished the season with a silver medal at the Provincial Championships. Great Job Girls!!

Spring time brings the end of school, but not the end of success with Panther Athletics. The senior girls soccer team won silver in the City Finals and the senior boys narrowly lost 2-1 in the semis.

Track and Field season also brought great triumphs with the team defending its crown as Division 2 champions. Highlights of the Provincial Championships include: Travis Davson winning the gold in the 200 m and silver in the 100 m. Tilton Reed captured 3rd in the senior men's high jump. Trina Honey, Leilani Collins, Melissa Cowan, Shan Murigan, Vince Lee, & Junior Kadima also competed at the provincial level.

Overall, it was a fantastic year but remember with success comes a lot of hard work and determination. Many hours were spent at practices and games by athletes and coaches throughout the year. Thank you to all those who volunteered their time score keeping, timing, running concessions, driving athletes to and from games and for just being there to cheer them on. Page Athletics is a team effort and when we all work together we are all champions!

Be proud to be a part of Panther Athletics!

Mr. Durand's Message

The 1996-97 year has been one of challenge, opportunity, excitement and success at J. Percy Page. Students and staff continued to challenge themselves and others to strive for continuous improvement and their best performance possible. We all took advantage of the many opportunities provided to us: establishing new relationships, enriching others, participating in school activities, clubs, athletics, musical performances, dramatic presentations and other school functions. J. Percy Page exudes excitement with well over 1,300 students and staff actively engaged in the pursuit of excellence in the teaching-learning process both within and outside the classroom. As a result of these exciting challenges and opportunities, J. Percy Page is a school where success is acknowledged and celebrated as evidenced by our academic results, public recognition of our students' performance and strong community support.

To the students who will be with us in 1997-98, take up the challenge of continuing to learn and grow and help make our experience at J. Percy Page even better next year.

To the students who will be moving on in 1997-98, always be true to yourselves and each other and always strive to be the best that you can be!

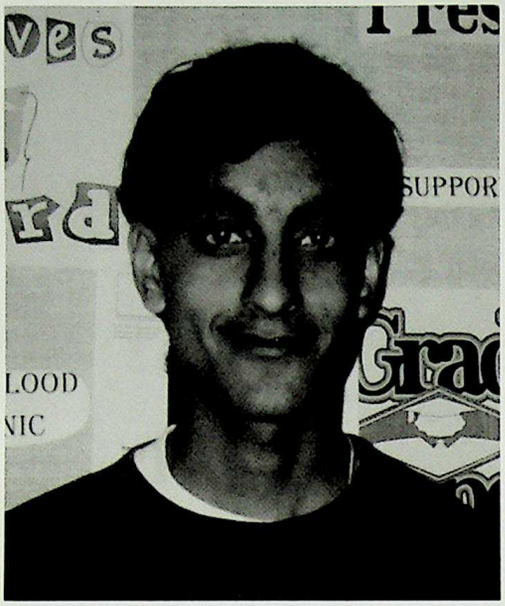
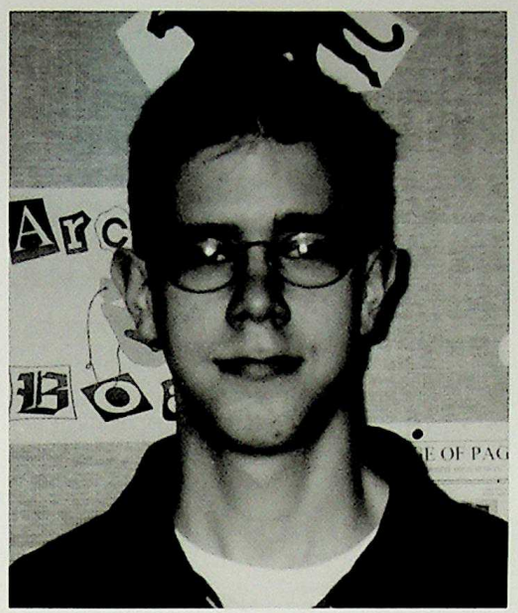
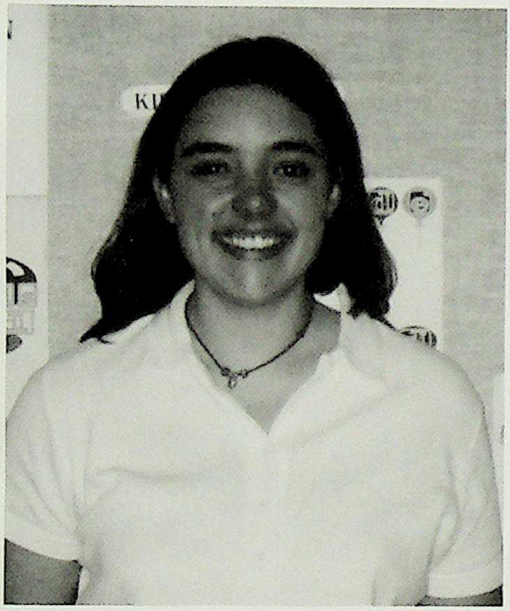
Students' Union



This school year has been a very busy year for J. Percy Page and its Students' Union. In October, P. Percy Page co-hosted the 12th Annual Canadian Student Leadership Conference with Harry Ainlay High School. It was a great success for all involved. Some of the other things we have done this year included the Page for Lance Day, The Taste of Page, Adopt-a-Family project, and the Junior High Mini Leadership Conference, not to mention countless others. Don't forget our awesome Fun Fridays and unbelievable Activity Weeks. Thanks to all the staff advisors and various board members for all their time and effort. The 1996-97 school year has been a great one for J. Percy Page. I wish you all the best of luck in the future. I'll never forget my time here at J. Percy Page!

- Praby Singh



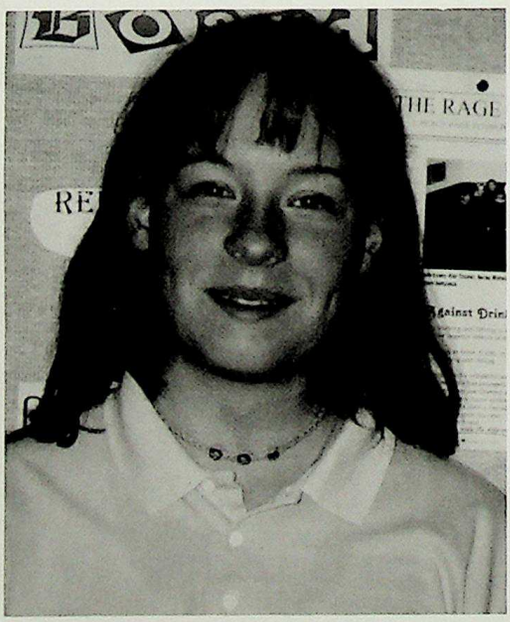


Students' Union has had an extremely wonderful year. The executive and Leadership Alive students have done well with their projects, in increasing public awareness. We have been involved in activities such as the Taste of Page, 30 hour famine, Blood Donor Clinic, Page for Lance day, and the Manitoba Relief campaign. Congratulations to everyone who participated.

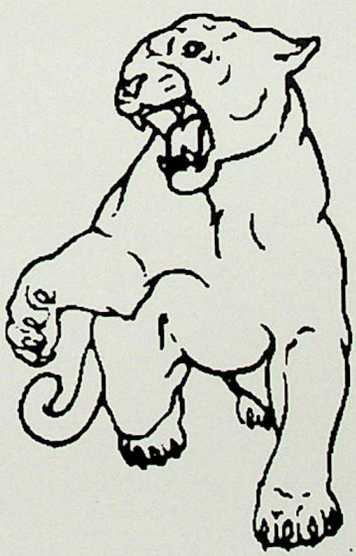
- Robyn Jacobsen

Another year, another message to write. Thank you to all who participated in and ran Students' Union Activities. We could not have done it without you!! Behave yourself Suzie!! Executives rocked this year. Thanks to Alison, Robyn, Sabrina, Aeren, Suzie, Amy, Praby and any other Grade 12's that I forgot (not that this is part of my Grad message) A special Thank You to my advisor Mrs. Deputat for putting up with me all year (and the year before that) Anyways I can't think of anything else to write so I'll wish you all a long and prosperous life because I am graduating and (sob!) won't see some of you ever again. Take notes in class, eat Mexi-Fries and drink 5-Alive. This message was brought to you exclusively by the letter J and the number -6. I was the freakin mascot so there!!!!!! Bye for now.

- Adam Leighton



My name is Suzanne Iskiw and I am the secretary on the students' Union Executive. This year on Students' Union has been very eventful. S.U. has been involved in several charity organizations as well as the annual Taste of Page. I would like to congratulate everyone involved in Students' Union because without your support and determination S.U. would not have been able to have such a successful year!



Students' Union

S.U. Cascade Board

Cascade Theme: "Participation"
Cascade Slogan: "Cascade Can Conquer"
Our mascot: "Elephant"
Cascade Candy: "Harshey Kisses"

This year The Cascade board have achieved all their goals for the year '96/97. We had many successful Fun Fridays and brought many fresh ideas. We introduced "Helium Sing" and "Music Trivia" as the new activities for our Fun Fridays. We meet once a week to discuss how to make "Cascade" the best and also to discuss many upcoming events. Birthday Cards along with a sucker are given out to all the Cascade students on their birthdays. This year we also got a lot of teachers involved in many activities. So far Cascade has achieved their goals successfully and you all know that Casade Can and will Conquer.

Sunwapta Board has been through quite a year so far, and it's not over yet! We have won the Hot House Competition for seven years and this year we tried to be the BEST house again. Last year Wapiti stole our title from us, however, we aren't going to let them keep it for long. We are the Environment house and our color is gold. Joining Sunwapta or any other board is a great opportunity to become involved and meet lots of new people. We usually meet on Tuesdays at lunch in room 3-206. We changed the mascot from the Sunwapta Sunbears to the Sunwapta Seals and this year Sunwapta has its own slogan like the other houses: "Sunwapta Seeks Success"! Sunwapta now has a suggestion box located in the house office thanks to this board. They are also a great supporter of the Children's Health Foundation, putting on the Muffin Morning and the pie throw to raise money for all those children with chronic diseases.

Wapiti Board has done a lot of fun activities this year. From penny tosses to shaving balloons (we still smell like shaving cream)!! We also raised money for the SPCA. Wapiti's had a great year and we know that we have only strengthened our motto . . . Wapiti Will Win!

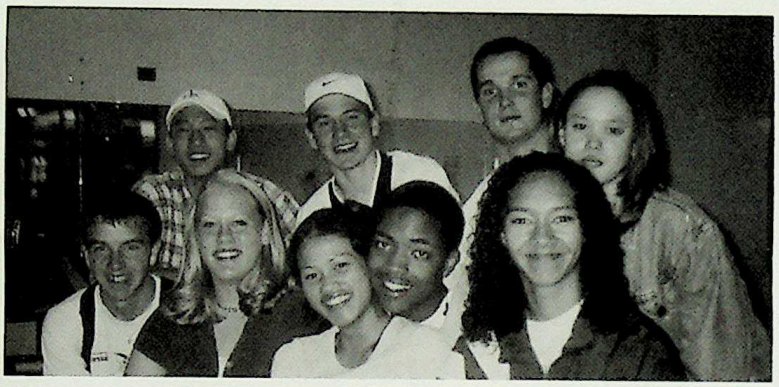
This year Social Boards activity weeks have had their greatest successes ever. These activities included: Welcome Week, Halloween Week, The Ultimate Challenge, Christmas Week, Valentine Week, Western Week, 50's Revival Week and Mr. Page. Page's growing school spirit is reflected in the success of our pit activities and because of this we try to make our activities as easy and as fun as possible. Social Board thanks all participants who made our activity weeks a success. I hope next year and for the years to come our activity weeks will get better and better and Pages' spirit will grow along with their successes.

Students' Union

ATHLETICS BOARD

This year the athletics board was off to a rough start, but once we got going we were able to accomplish a lot. With some help, we had a successful ***Pep Rally*** *in February in which we recognized all of our schools teams.*

There is now a frequently updated ***display board*** *down by the gym to keep everyone informed of the people who represent our school at sporting events throughout the city. As well we are in the proccess of organizing this years* ***Athletics banquet****, which we hope will be a big success. Thanks to every one on the board for a great year.*



Intramural Board

This year intramurals included volleyball, basketball, floor hockey, badminton, indoor soccer, and the Page Panthers Gladiator Week. Our Intramural duties include setting up equipment, reffing, score-keeping, clean up, enforcing game rules, organizing tournaments, giving out prizes, and making sure students have a great lunch hour. Unfortunatley the gym is closed during track and field season, so no intramurals are in progress. Otherwise, intramurals run on Mondays, Wednesdays, and Fridays, so GAME ON!

CRIMESTOPPERS

1996-1997 was a very productive year and we would like to thank Mrs. Wilson our advisor for all her help. We hope that the Crime-stoppers Board will continue and excel throughout the coming years.

Taste of Page was once again a great success! It was held on March 13th 1997. The turn out was super! The food was wonderful, the entertainment exciting. The Taste Of Page Board worked especially hard to make sure everything was in order and ready to run smoothly and it did! The main strive of Taste of Page was to encourage the students of our school to express and share their heritage! It was an outreach to the community of Millwoods to share in the cultures in our surroundings. We thank all those who played special parts in organizing, and giving their time to make Taste of Page what it is an Extravaganza!! Good Luck next year!

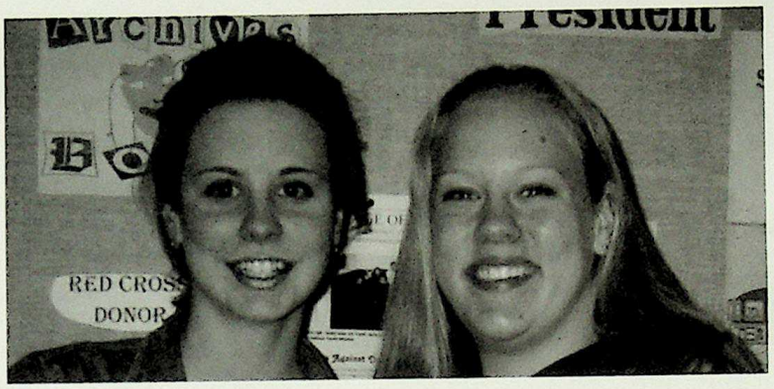
Students' Union

Newspaper Board
Editor: Steven Hamblin
Humour Writer: Brandy Williams
News/Sports: Tim Gebuliak
Fine Arts: Dina Zalzalahg, Silke Pieneck
Advisor: Ms. Kemp

This year, "The Front Page" has gone from a gleam in the editor's eye to a full-blown newspaper, having published 4 issues and a special Remembrance Day issue. Thanks go to all the writers on Newspaper board, our advisor Ms. Kemp, and all those students who contributed ideas, material, or just an opinion. Watch for an even better paper next year under the guidance of Brandy Williams!

Public Relations

This year public relations worked well together with the Ambassador board. The many volunteers that helped make some of our school events and functions successful were greatly appreciated. Events such as Taste of Page, Open House, Night of Music and others. I thank all the volunteers for their time and effort in helping maintain a great public image for J. Percy Page.



Communications board is responsible for advertising school and community events to the students. Communications board does this by making colorful posters and attractive displays around the school.

Grad President's Message

Most of us have been together for three years now, and some of us even longer. Our time at J. Percy Page has given us education, experiences, and friends that we will never forget.

Through all of the events that have happened over the past three years we have all been working towards one common goal. Our graduation has finally come and we can stand back now and look at our high school careers. We can realize that we are leaving so much behind; so many memories, but we can also look ahead and see so much more in front of us.

Your graduation council of 1997 accepted the task of bringing all of this together. They all worked so hard to capture the past and what we can only imagine to be our future, so we can finally celebrate all that we have been through and all that lies ahead of us.

The team of 20 amazing people, 20 friends, under the guidance of two incredible advisors - Mr. Bushewsky and Ms. Greenalgh - toiled and slaved, laughed and even sometimes argued their way through the planning of our graduation. On behalf of the graduating class I would like to thank the entire grad council and the advisors for all of their efforts over the year. I would also like to congratulate you - the graduands, because there wouldn't have been the same amazing high school experience and graduation without you.

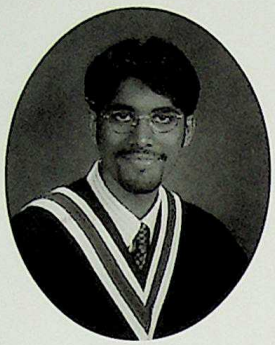
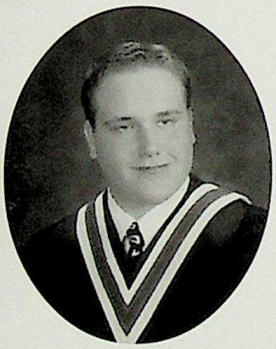
"Nothing is wasted if it is not forgotten. Nothing is wasted if it leaves a memory"



ALLAN JOHN: I am a kid with few words and I have no idea what to right oops I mean write in this paragraph. Ok here goes the only few words I have: I would like to thank my teachers for helping me in molding my future (sucking up) and my friends in and out of this school. Well filled a few lines and a few more lines to fill. A special gratitude to Mrs Mawson, Mrs G and Mrs Kavanagh for putting up with me and Mr Skitch for the jokes (I still have no understanding about) he told in class ok, I am out of words, so here stop. Hmmm . . . there 1 2 many words in here. I think I . . .

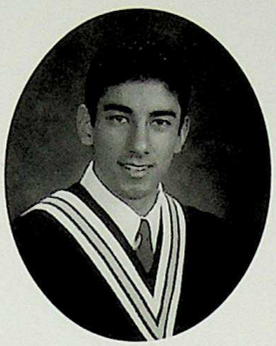
BALJIT JUTLAY: I would like to thank all my teachers! Especially MRS. KENDAL who was always there when I needed her! Now to get personal! The one person who made a real difference in my life is RAJNI KUMAR and all my friends! Lots of thanks to my family for helping me out in the past 3 years. Love you all . . .

EILEEN KAPOOR: I would like to thank my parents for being there when I needed them, I love U both. Suzy & Gagei - U2R the best. I love U - CDE. Rish I'm always thinking of U. Tanuja - DESTINY will overcome U someday. Thanks 4 all the laughs. Shawna - . . words can't express the way a true friend feels - Black Street. BITU #1&2 love U2, thanks 4 being there. 7 is the magic #. Spring Break 96, the golf course. The CONDO mem. With DM AT & AD, New Years 96&97. DB & GD - thanks 4 the memories, JJ coolers, Biggy, Silky - what happened to TB. BP's is our place. DL JJ CS keep in touch. I am finally out of here.



CHRIS KEIL: Thanx mom and dad for all the support, learned lots! Wasted 3 years of my life, but a sponsor from John Molson, and some killer parties made it worth while. Thanx to Howard for taking me on all those beaver hunting trips, and getting gooned with smitke and liver. Playing the back nine with Ben, Mark, and Warren was a close call, and thanx to the Brew Crew winning the '97 Floor Hockey Tourney. To the rest of the boys keep the bottle flowing and the herbds glowing. Good luck to all. Thanx for the memories.

KYLE KENNEDY: Thanks to my family and friends for helping me make it in only 3 years, we learned a whole lot? It's been a HOOT! Hein parties were the best parties. EH smell the brew. Adventures at L. Eden. Boys AC/DC was a Blast, HIP was 2. SS bring the CHEVELLE. Good Luck to all the boys, and everyone else. Here's to RoknRol, CANADIAN, and Mary jane. Take some time off, then it's time to get going, but what lies ahead we'll have no way of knowing. Those doors won't be the same. Here's to friends N&O



ROCKY JOSAN: Thanx to WAHEGURU for life & its little perks. Thanx to MOM & DAD for making me what I am and will be. Not a flawless victory . . . but the game is far from over. 2 all who've made me laugh - no names cause there's 2 many of U - thanx for the good times. All the boyz from Page, Hung Hung & the Den - thanx for the memories - past & future. 2 those I've forgotten - I haven't. Keep Smiling but stop drooling. Follow your heart, be humble, stay true - and this thing we call life will be good to you. I thank God for my share of SUNSHINE. Till we meet again . . .

REESHMA KABA: These past three years have been memorable years in my life, and for that I have to thank my family and my friends who have always managed to put a smile on my face. Most of all I would like to show my appreciation to my mom and dad who inspired me to follow my dreams, and who were always there for me no matter what.

CARTER KEARL: #6 Thanx to all my family for the great support and for always being there. 2 all my friends I couldn't have done't without U. Special thanx to Tilton for being a great friend, Jason for teaching me to snap my fingers, Jaimie for making me laugh and for lighting up my day, Megan for the ring, Heather for bearing Math with me (from behind), also Van, Melissa, Keltie, Pat, Aaron, Rocky, Ben, Caley, Ranjan, and gang, and everybody I couldn't fit. Can't forget the phys ed staff, esp. Mr. Lotz for making life livable. Best wishes to Mr. Coultman - where's my money? Good bye Math 31! Oh, couldn't have done it without - Dwayne, John (TP), or Shawna. I'm done.

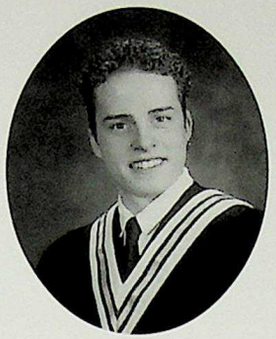
RHEA LEITNER: Coming down off the nova somewhere near the boiled egg that is the beginning, We watch Pauls Sun crossed with Johns star & hold ice cream hands. Some 1 slipped on a cassette as the 1 U wanted left with some 1 else but somehow it was cool because as the music filled the shadows, U heard a sound that was a million miles away from fakery & a step away from your heart. P.H. Grade 12's been a blast! Beanie thanx 4 everything! Thanx 2 every1 I've had the pleasure of meeting even U! But when at the end U flip over and start again because now U R not Isolated . . .

AMANDA LEUNG: Three years ago, I met a man who forever changed my life. He loved, comforted and forgave me, regardless of my weaknesses.One day, I asked Him to be an Intimate part of me which He gently accepted and has never left my side since. I love Him with all my heart and I would die for Him - because He died for me. Thank-you to all the people who made these 3 years completely unforgetable. I hope I was able to return a portion of the laughter, support and kind words. I wasn't born because I had a dream - I was born because God had a dream - GJ



KEN LANDRY: Okay, where 2 begin? Thanx 2 all the boys down at Cascade doors 4 the good times. JM keep working hard in those study halls. N.L, watch out 4 those popsicles. SHAN MURUGAN: The cause has got to me through high school I bow to thee all mighty God Johnny W. I would also like to thank my queit friend Sam for all his moral support, specially on the weekends. There are too many communcistic people at the school, mainly the stinky anticause. J.A. All the stupid doorknobs aren't quite as bad as the Commy's but some of them sure try. All the cause supporters should try to get a real job in a position of power so that the cause can rule the world!!! Or at least a McDonalds outlet across from a very religious place.

KAREN NG: Thanx to my family and friends for supporting me throughout the three years. Special thanx to Wendy & Angela for always having some interesting things to share with me! CF - Relax & have some FUN! SF - Go for "J" AC - Go for "H" JS - "I'm so lonely" Sam - Where's Nicole!? Ton - Thanx for giving me some "memorable moments". LINDSAY O'DALY: First I would like 2 thank my family. I luv u all. Also thanks to: T.S., A.B., A.W, J.P, R.H, T.R, T.A, D.G, K.V, S.L, W.M 4 making school worth waking up 4. I want to thank my teachers 4 putting up with me. If it weren't 4 teachers, there would be no doctors, lawyers, etc . . . Oh and K. Howard thanks 4 the fall down the stairs. To Kenya, remember to rule life. Don't let it rule you.

To the rest of the world remember!
Smile always,
Laugh forever!!!

CRISSI OLIVER: Congratulations to the grads of 1997! No regrets, only great memories of the past three years. Thank you to my family, teachers, and friends for making high school a wonderful experience. You are the greatest. Good luck and all the best for the future. Remember, life is for the living, have fun! Good luck in high school KO!

TERESA O'NEALE: At the conclusion of my AFS Intercultural Exchange, all I can say is - It's Been An Experience Of A Life Time! CATHY OGILVIE: So Time comes to a close as Leonard Cohen so avidly implies. When do we consider, so says someone, what can become of people who all wear the same jacket? So someone says - one must be lost. A jacket? - so says someone - A person - so someone says. "What have you to do with Being, friend - And empty opinions about the notion of mind and spirit - Joyfully live and let the world pass happily - The beginning of the matter was not arranged with you in mind" So says Omar Khayyam, so someone says. Carla - you are my angel; Ann-Raincoats fray; Tiffany - love; Agnes - laugh; Mom - so much more

SARAH OLSON: THANKS to GOD and my family! When you meet someone better than yourself, turn your thoughts to becoming his equal. When you meet someone not as good as you are, look within and examine your own self. - Confu
SB ➜ My best Friend since '88. I am so thankful prayers have been answered, we're gonna GRADUATE together!

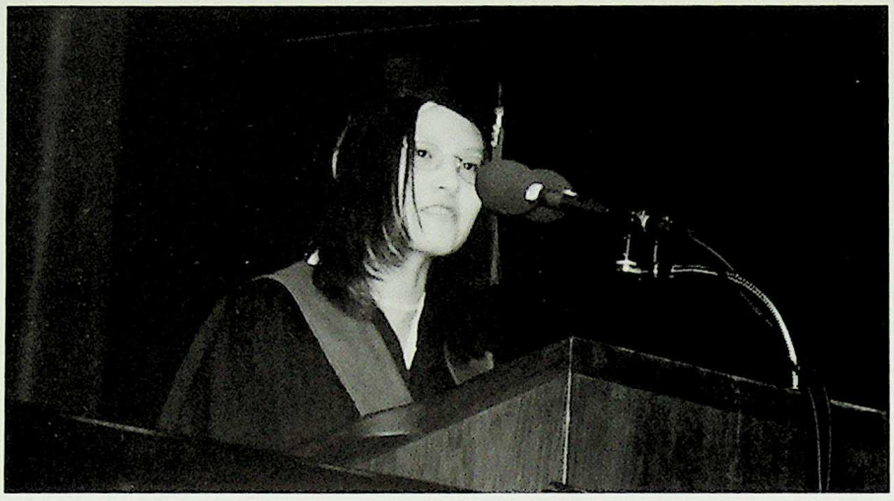
Valedictorian Address



It was at some point around grade one I discovered that some day I could stop going to school. Ever since then I have looked towards that distant, mysterious day called . . . . . graduation, with excitement and impatience. Well . . . . here I am. A little bit older, a little bit wiser . . . . wise enough to know that I did NOT have my facts straight. I truly believed that graduation was the ultimate chorus of "no more pencils, no more books . . . no more teachers dirty looks". The truth is that this evening is a celebration of achievement, not of an end.

From the day we were born . . . each and every member of the 1997 graduating class began receiving an informal, and later formal, education. Our entire lives have been focused down one path, towards one destination. We have arrived. But learning is not about the destination, it is about the journey. For example to say that tonight signifies the mastery of intellectual endeavors, is to say that a baby who has learned to crawl has mastered the art of transportation. Our journey is by no means over, when we stop learning, we will stop being happy. Tonight recognizes that a significant benchmark in our lives has been reached.

There are two kinds of issues that we as a class will have to face, global and local. In years past global issues have not been a large concern for individuals embarking on their life voyage. However the world has become a small place and the necessity to deal with our problems as a race, and not individual nations, has become apparent. No longer can we afford to ignore the failing environment, the exploding world population and the disparity that allows so many people to starve, while others have so much that they can afford to waste. These are the problems that we have inherited, clearly it will be a difficult, narrow road that will take us into the future. We face high costs for a post-secondary education, severe competition, and poor job prospects. These are the local challenges we will face, but we have little to fear. We would not have made it this far without learning how to handle life's challenges. The prospects look poor at present, but graduation is about hope and as long as there is hope and determination in each of us, the future is not that bleak.

It is at this point that our lives will begin to move apart as we make personal decisions about how to handle the hurdles as we approach our goals. In all of the experiences of the past three years, spent in high school, we have gained confidence in the fact that no matter what storms or disasters may be obstructing our path, we have the strength and knowledge to face and survive them. We are capable of reaching appropriately for we have had guidance and preparation. Right now THE REAL WORLD looms before us. Walter. D. Wintle wrote some fine words which bears this message out . . . . that it is within our power to shape our own future . . .

If you think you are beaten, you are;
If you think you dare not, you don't;
If you'd like to win, but think you can't,
It's almost a cinch that you won't.

If you think you'll lose, you're lost,
For out in the world we find
Success begins with a fellow's will;
It's all in the state of mind.

If you think you're outclassed, you are;
You've got to think high to rise.
You've got to be sure of yourself before
You can ever win a prize.
Life's battles don't always go
To the stronger or faster man;
But soon or late the man who wins
Is the man who thinks he can.

*This poem reflects my believe that a person is not only determined by the sum of their experiences but also by how they handle their situations. Fellow graduates we **have** endured, we **have** developed with the right frame of mind. This is why we have achieved the right to wear our caps and gowns and call ourselves the J. Percy Page class of '97.*

Each and every graduate sitting out there in the audience tonight is a success. And not only are we successes, but we have been prepared to be successful for the rest of our lives. This preparation has come from our parents, our teachers, our coaches, and countless other people we didn't realize were contributing. Our education is not over, there will never be a day when our education is complete, but at this point we are prepared to live our lives in prosperity thanks to the caring and commitment of those people. This evening is a rite of passage, we will now join the ranks of people who have assisted us and hopefully we will assist future students.

I would be extremely remiss if I did not thank the people who are most responsible for our development as social beings. The people we call our friends shared our laughter and our tears. We have made memories together. It is those laughs, those tears, and those memories that have helped us to grow, and taught us how to face the "slings and arrows of outrageous fortune". Now as each one of us ventures into a vast perhaps we bring a part of those people with us.

I would like to thank the people who made this possible for us, and promise that we will make you proud. You prepared us to battle life, and we will be victorious, for you and for the following generations. I congratulate my fellow grads on their achievement, and wish them the best in life . . . . our hardest marker. Alexander Pope wrote "A little learning is a dangerous thing", we do not have the capacity to learn a little, only to learn forever.

IF WE CAN SEE IT, THEN WE CAN DO IT, IF WE JUST BELIEVE IT, THERE IS NOTHING TO IT. I BELIEVE WE CAN FLY . . . . . .

Historian Speech

JM . . . Before I begin Christian and I would just like to dedicate our speech in memory of our former classmates Grant Cunningham and Grace Mcgimpsey . . . Good evening ladies and gentlemen, classmates, teachers and honoured guests. Please excuse the absence of my partner in crime, he's tied up at this time but . . .
oh my . . .
who could have done such a thing?
CS . . . I don't know, maybe a mentally disturbed female who wants to hog the spotlight!
JM . . . oh . . . well I have not seen any one run by but I'm sure we'll catch the culprit.
CS . . . I'm sure we will!
JM . . . well cats we have finally made it, after three years of hard work
CS . . . Skipping
JM . . . and hours of studying
CS . . . Watching baywatch
JM . . . has finally come to
CS . . . sleeping in!
JM . . . can you work with me here I'm trying to be uplifting. Tonight is the night where we step into the shoes of the past, and where better else to start than the first day of grade ten. I guess you could describe the first day as . . well . . confusing.
CS . . . you could say that again, I walked into the rec center, thinking that the red building next door was a shopping mall
JM . . . Didn't you notice the sign that said Rec Center?
CS . . . look I wasn't in school, I couldn't read yet!!
JM . . . Most people were worried about loosing touch with their old friends and in some cases invisible friends.
CS . . . Its not a joke, I really saw them
JM . . . I'm sure you did . . . And lots of people including me got lost.
CS . . . I know I thought Cascade, Sunwapta, and Wapiti were the names of three hot chicks that everyone wanted to talk to . . . Well I looked the whole day and I never saw them, I still haven't met them.
JM . . . I worry about you
CS . . . Why?
JM . . . As the years carried on from that day we began to learn the ropes. We learned them not only to get through the day but rather to survive
CS . . . Number One, Never I mean Never make eye contact while passing by the pit at lunchtime. Sure they bribe you with tempting little snacks but don't be fooled by this fassad its all a ploy to suck you into blackhole of musical chairs. I'm sad to report that many students were never seen again.
JM . . . Number Two, I warn you all now to never look upwards when Mr. Kirschmeir is going up the stairs -- Lets just say his kilts do not conceal a great amount . . .
CS . . . But he did have awfully nice legs (both silent and look dreamy) (CS snap out) Number three . . oh yes this is directed to the very intelligent young lads who choose to unattend class and go to the cafeteria . . Hi! Its covered with windows, you expect to not be caught how?
JM . . . Never, I mean never mention even whisper that you need a hair cut while passing the Beauty culture room . . . This could happen to you (CS upset and cries on JM's shoulder)
CS . . . Number four, really guys I wouldn't advise pulling the fire alarm in the middle of winter. After about two minutes its like 300 frozen icicles hanging outside the school
CS . . . Number Five . . if you're in that clepto mood, steal a pencil or something . . Its a little less inconspicious than two 20 pound pay telephones
CS . . . one word of advice when a teacher gives you a study hall -- it really doesn't mean they wish to increase your study habits but rather they dislike every being of you and wish that you writhe in agony in a pit of boiling acid.
JM . . . and no other man could have made such a marvellous contributions to our school other than the man of the hour himself Mr. P. Robert
CS . . . We would just like to add that his car is located conveniently out in the parking lot, or if you would rather just talk about him you can reach him at 1-800-comb over. PS if you're still pondering action, never forget that tutorials also mysteriously appeared on the arrival of our new Capitan.
JM . . . even though the days through the jungles were hard yet life threatening we still created the best of memories that we never wish to forget . . . and even some we wish never to remember, Steve!!
CS . . . The Senior mens basketball team for the first time in history climbed their way to premier provincial finals.
JM . . . I would want to try to win every game too if after a loss midway through the season Lotz wore spandex for three days straight, this was one case where one size did not fit all.
CS . . . How did the girls do anyway Jennie
JM . . . I don't want to talk about it.
CS . . . A little touchy eh
JM . . . We are also proud to acknowledge the drama department for triumphantly winning cities with their performance of I bring you flowers. They made it to provincials where they won numerous awards, one being best director in the province which was presented to Helen Camisa, who in return received a scholarship, only one of which is given out in the province.
CS . . . The band department has also succeeded in many things
JM . . . such as?
CS . . . well they pushed and blew and banged to their little hearts content.
JM . . . and of course who could forget the cheerleaders?
BOTH . . . (look at each other) we could!!!
JM . . . we do not just reflect on these events but we also reflect on those who made such memories possible.
CS . . . We'll leave this person nameless
JM . . . the only thing I have to say is . . . Its a beautiful day in the neighborhood a beautiful day in my neighborhood
CS . . . Would you be mine
JM . . . could you be mine?
BOTH . . . won't you be my neighbor
CS . . . To the Enlgish department - we think you're the best teachers we kids have ever haved! Me english is much gooder now!
JM . . . To Mr. Tak never in my life have I ever seen so many kids kicked out of a room at one time, I mean by the end of the year we had our own growing club!!
CS . . . This next little diddy is dedicated to the chalkman himself . .
JM . . . we'll call him Pysyk for short
CS . . . He leaps tall chalkboards in a single bound, he's a bird, he's a plane . .
JM . . . He's Mr. Pysyk
(Naomi does dance)
JM . . . thank you Naomi for that little display
CS . . . now that we have taken some cheap shots at the teachers I think its time to shoot for some certain courses.
JM . . . Advisor, Personally I found advisor an extremely educational experience where I learned many difficult lessons (like to throw out attendance sheets) and I understood so much more about life (that all advisors are smoking . . .) which will carry me into the future successfully () For example . . Anger Control
CS . . . That really helped me, I used to bottle up my anger and now I feel more free to express myself through physical means
JM . . . also proper ettiquette
CS . . . Yall remember boys let the girls pay for the date!!
JM . . . Ha! No, I'll pay for the date when you give birth
JM . . . CALM -- Career and Life Management. You know I really don't know how Mr. Fehler a man with about 10 kids can really teach us about safe sex, isn't ironic . . Don't you think . . You know I really never knew there were so many different movies on how to write a cheque . . . and personnally I really never wanted to know!! There is one thing that I loved about that class actually. THE DISMISSAL!!
CS . . . Physical Education 10 . . we all had to go through that little dillema eh! Personnally that's a time in my life I wish to forget. I mean a handful of grade ten boys just in the burst of puberty piled into a gym and forced to do physical activity. It would have been much more fun if it was co-ed . . . um . . . Wrestling (Jennie smacks him) oh! Even better . . . Tackle football
JM . . . you're a pig!!!
JM . . . Well Cristian I think its time . . its time that we bring our speech to a close and in doing so bring our future to a start . . . a future that will offer dreams and hopes and wealthy older men.
JM . . . This is the time that we ask you to look to one another and see the love and friendship that will always be with you throughout your travels in life.
CS . . . you not only learned lessons in the classroom such as mathematics, english, and physics but some of the most important lessons were taught outside the classroom. Learning about friendship, loyalty, compassion, love, individuality, and respect will not only aid you in that jungle called the job market but make each relationship that much better, make your life as close to that picture perfect painting you have constructed while daydreaming in class.
JM . . . Each and every one of us has had that special person or group of people throughout these three years that has stood beside us in warfare and celebration, lifting us to new heights thought not possible, and selflessly giving that kind word or shoulder needed when things got a little tough. To these people thanks is not enough, know this, you will live with us forever - what you have done will never be forgotten even though we may lose touch with one another. Each time we laugh, cry, or even just smile the memory of your compassion and love will keep that candle of friendship alive.
CS . . . With memories of the past and hopes of the future tightly fastened in our minds J. Percy Page has equipped us with enough tools in our Bat Belt to successfully defeat all villians to come.
JM . . . So we take our hats off to you the graduating class of 1997 and congratulate you for the work you have done these past three years. Be proud of what you have accomplished, but don't be satisfied, because each one of you can, and will, grab hold of their own little piece of perfection and when you do, hold on tight and enjoy the ride.
CS . . . Speaking of rides please each and every one of you don't get into a car if the driver has been drinking you are all much too precious to become a statistic. Have a great night!!

Yearbook Message

As you may realize, this page means that we have finally come to the end of the yearbook and the end of the year. Congratulations to all those who have graduated. This book would not have been as successful if we did not have the support of such great people, especially Ms. Ouelette, the new yearbook advisor. As co-editor's of the yearbook for the past two years, Van & I would also like to wish the new editor's of the yearbook, Erin Miller, Cheryl Langelier, and Sarah Hanasyk the best of luck next year. The 1996/97 yearbook staff would like to acknowledge so many teachers and secretaries who went above and beyond the call of duty, to help us make this yearbook the best ever. Thank you to Mr. Fehler, Mr. Neill, Mrs. Campbell, and all the wonderful ladies in the general office who supported us in this past. year.

I hope you have enjoyed the 1996/97 yearbook. Always remember the memories.
